Bibliography of R. Krivec

I Published papers

1. R. Krivec, The Structure of ^{6}Be, *Fizika* **11**, Suppl. 1, 36 (1979).
2. R. Beck, R. Krivec, M. V. Mihailović, The Three Cluster Structures in ^{7}Li, *Nucl. Phys.* **A363**, 365-380 (1981).
3. R. Krivec, M. V. Mihailović, On the Description of ^{6}Li by the Cluster Model, *J. Phys.* **G8**, 821-825 (1982).
4. R. Krivec, M. V. Mihailović, Program Package for Calculating Matrix Elements of Two-Cluster Structures in Nuclei, *Comp. Phys. Comm.* **28**, 153 (1982).
5. R. Krivec, M. V. Mihailović, Solution of the Schrödinger Equation for Three Point Charges in the Hyperspherical Basis, *Phys. Lett.* **B181**, 1-4 (1986).
6. R. Krivec, V. B. Mandelzweig, Matrix Elements of Potentials in the Correlation Function Hyperspherical-Harmonic Method, *Phys. Rev.* **A 42**, 3779-3788 (1990).
7. R. Krivec, M. V. Mihailović, The Generator Coordinate Method for Tertiary Reactions of Light Composite Nuclei, *Few-Body Syst.* **8**, 45-63 (1990).
8. R. Krivec, M. I. Haftel, V. B. Mandelzweig, Precise Nonvariational Calculation of Excited States of Helium with the Correlation Function Hyperspherical Harmonic Method, *Phys. Rev.* **A44**, 7158-64 (1991).
9. R. Krivec, M. I. Haftel, V. B. Mandelzweig, Correlation-function Hyperspherical-Harmonic Calculation of the μdt Molecular Ion, *Phys. Rev.* **A46**, 6903-7 (1992).
10. R. Krivec, M. I. Haftel, V. B. Mandelzweig, Precise Nonvariational Calculation of the Two-Photon Annihilation Rate of the Positronium Negative Ion, *Phys. Rev.* **A47**, 911-7 (1993).
11. R. Krivec, M. I. Haftel, V. B. Mandelzweig, Precise nonvariational calculation of the μdt Molecular Ion, Few-Body Systems **17**, 229-42 (1994).
12. R. Krivec and V. B. Mandelzweig, Nonvariational Calculation of the Sticking Probability and Fusion Rate for the μdt Molecular Ion, *Phys. Rev.* **A52**, 221-226 (1995).
13. M. I. Haftel, R. Krivec, V. B. Mandelzweig, Power Series Solution of Coupled Differential Equations in One Variable, *Journal of Comp. Physics* **123**, 149-161 (1996).
14. S. Berkovic, R. Krivec, V. Mandelzweig, and L. Stotland, Hyperspherical approach to the calculation of few-body atomic resonances, *Phys. Rev.* **A55**, 988-993 (1997).
15. R. Krivec, V. B. Mandelzweig, A Nonvariational Calculation of the Hyperfine Splitting and Other Properties of the Ground State of the Muonic Helium Atom, *Phys. Rev.* **A56**, 3614-3622 (1997).

II Papers in preparation

1. R. Krivec, V. B. Mandelzweig, A Nonvariational Calculation of the Hyperfine Splitting and Other Properties of the Ground State of the Muonic ^{3}He Atom.

III Conference Contributions

1. R. Krivec, M. V. Mihailović: Reactions with three fragments in the outgoing channel, *Proc. 8^{th} Meeting of Yugoslav Nuclear and Particle Physicists*, Portorož, 24 – 26 April, 1985.
2. R. Krivec, M. V. Mihailović: Description of two- and three-cluster systems of light nuclei, *Proc. Int. Conf. on Nuclear Structure, Reactions and Symmetries*, Dubrovnik, 5 – 14 June, 1986.
3. R. Krivec, M. V. Mihailović: Reactions With Three Charged Fragments in the Outgoing Channel, *Proc. Fifth Int. Conf. on Clustering Aspects in Nuclear and Subnuclear Systems*, Kyoto, 25 – 29 July, 1988.
4. R. Krivec, M. V. Mihailović: The Coulomb Functions for Three Point Charges and the Three Fragment Generator Coordinate Amplitude for Scattering, *Proc. Fifth Int. Conf. on Clustering Aspects in Nuclear and Subnuclear Systems*, Kyoto, 25 – 29 July, 1988.

5. R. Krivec, M. V. Mihailović: On the Calculation of the Three-Fragment Channel Functions, *Proc. Sapporo Int. Symp. on Developments in Nuclear Cluster Dynamics*, Sapporo, 01 – 03 August 1988.
6. R. Krivec, M. V. Mihailović: The Tertiary Reactions With Charged Fragments, *Proc. Int. Conference on Nuclear Reaction Mechanism*, Calcutta, January 1989 (World Scientific, Singapore).
7. R. Krivec, New Results in CFHHM, poster, *XII-th European Conf. on Few-Body Problems in Physics, Amsterdam, 23 – 27 August 1993*
8. R. Krivec, S. Berkovic, V. B. Mandelzweig, Precise Nonvariational Calculation of Resonant States of Helium With the Correlation Function Hyperspherical Harmonic Method, *Few-Body Systems Suppl.* **8**, 89-92 (1996) (*Proc XV-th European Conf. on Few-Body Problems in Physics, Peñiscola, Spain, 5 – 9 June 1995: Springer, 1996*
